PAVING RESOLUTION FOR FIFTH PASSED

IMPROVEMENT PLANNED BETWEEN MAIN AND MARKET

CHANGE STREET NAME

Market Street From Seventh North To Wabash Right Of Way To Be Known As "Franklin Place"

A resolution for the grading, paving and guttering of Fifth street from Market to Main streets was passed by the city commissioners last evening at a special meeting. This improvement will run from a point thirteen feet east of the west line of Market street west to a point thirteen feet west of the east line of Main street. The paving will pass along the south side of the postoffice.

The paving and guttering if put in, will be forty-two feet wide. In addition to the grading of this block of Fifth street it shall be excavated or filled as required for a sub-grade. The paving will be of good quality vitrified block paving brick, laid upon a foundation of four inches of concrete, with a layer of one inch of sand between the concrete and the paving brick. The cracks or joints between the paving bricks are to be filled with an asphalt cement filler, and the paving to be joined up against the curbing now installed and the paving adjacent to each end where it will connect with Market and Main streets.

This street to be improved when finished shall be so installed that the surface of the pavement at the north line will be six inches below the top of the present curbing and the pavement to be so constructed that the surface of the pavement will be even with the top or surface of the curbing now installed and in use along and on the south side of the street to be improved. The guttering on the south side of the street is planned to be constructed by making the paving in such a manner that the south line of the paving next to the south line will be even with the top of the curb and for a distance of four feet out toward the center of the street and the surface of the paving to be laid at uniform decline so that at a distance of four feet from the curb the surface of the paving shall be four-tenths of one foot lower than next to the curb.

The cost of the paving, guttering and improvement of this section of Fifth street to be paid for with special tax and assessment levied against the lots chargeable in proportion to the front foot of the owners of the land lying next to this street. This resolution will lay on the table until Oct. 27th of this month and if there are no protest the City Council will order the paving to be constructed.

The city commissioners also passed an ordinance last evening changing the name of a portion of what is now known as Market street. The commissioners order that after October 19 Market street north from Seventh street to the right of way of the Wabash Railway be changed to "Franklin Place."

It has been the wish of the property owners that live along this street that the name be changed as it is not in reality a part of Market street.

The next meeting of the city commissioners will be held a week from tonight when the ordinance for the paving of Normal avenue from a center line of Munn avenue to a point thirteen feet west of the east line of Grand avenue will come up for final adoption.

Labor Convention Most Conservative in Years

Reds and Their Theories Have Been Completely Repudiated—Radical Resolutions Are Defeated

Portland, Ore., Oct. 10—With the verbal attack during the convention apparently expended and controversal resolutions disposed of, the American Federation of Labor returned to "normalcy" today to complete the remaining work before the convention within the next two days, if possible.

Reds and their theories have been so completely repudiated that delegates are already characterizing the convention as one of the most conservative in the past decade. In rapid fire order, the convention ousted F. M. Dunne, admitted, and overwhelmingly defeated the resolutions which favored the amalgamation into one big union, formation of a third party and recognition of soviet Russia.

High School to Have Debating Team

Four members of the High School Debating Club debated the question, Resolved that we should have capital punishment. The affirmative speakers were Catherine Kiplar and Thelma Pennisten. Clement Rickman and Stuart Tulloch argued for the negative side. Activity period ended before either rebuttal was given and the judges made a decision in favor of the affirmative. However, the remaining speeches will be given at the next meeting for the final decision.

A team will be chosen in a short time from the debating club to represent the high school in debating contests. The state and district subject will be: Resolved, that the Commission Manager plan of city government should be adopted by Missouri cities of less than one hundred thousand population.

SOMERVILLE HEADS NEW ORGANIZATION

ELECTED AT SUNDAY SCHOOL CONVENTION AT HOPKINS

NAME OF ASSOCIATION

Is Changed to Nodaway County Council of Religious Education—Main Districts are Represented

The Nodaway County Sunday School Association, which has been in existence for a number of years has been transformed and organized into what is now known as the Nodaway County Council of Religious Education. The name of the organization was changed at the annual meeting of the association which was held at Hopkins Monday and Tuesday of this week.

Yesterday the officers for the coming year were elected. Those elected to the executive committee are; the Rev. S. P. Allison, chairman; the Rev. B. F. Cline, vice-chairman; and Miss Eva Davis, secretary; all of Maryville.

Leslie G. Somerville, county superintendent of schools, was elected president; C. C. Leeson, vice-president; Mrs. C. P. Fryer, secretary; and Miss Dessie Gault, treasurer. The superintendents of the different divisions of the organization who were chosen are: superintendent of the children's division, L. E. White; superintendent of the young peoples' division, the Rev. E. P. Taggart, who is pastor of the Christian Church at Burlington Junction; superintendent of adult division, Miles Spargur, Sheridan; and administration superintendent, Dr. E. A. Miller of Hopkins.

A large delegation from Maryville were in attendance at the two-day session. They report a most successful meeting. All the main districts of the county were represented at the convention.

During the sessions resolutions were drawn up and adopted commending the district on the work which has been accomplished during the last year and also commending the Hopkins people for the manner in which the delegates were entertained and the way in which the convention was so successfully terminated.

The Council of Religious Education, which the organization is now termed, formed a new constitution.

Found Still in Dewey Leonard Home

Dewey Leonard of Burlington Junction was arrested today on a charge of having a still at his home. Leonard was brought to Maryville this noon by Sheriff Steve Roach and put in jail.

Eli McAtee, night watchman at Burlington Junction, received a tip last evening that Leonard was in possession of a still at his home. Leonard was locked up by Marshall McAtee for the night and Sheriff Roach was notified. Sheriff Roach secured a search warrant and went to Burlington Junction this morning and found a still at Leonard home. The sheriff was unable to find any liquor or mash.

Leonard was paroled at the October term of circuit court last year when he was fined $100 and six months in jail for assault and battery. He is still out on parole. Leonard is also facing a charge of issuing a bogus check recently and his case is scheduled for trial at this term. He has also been up in court on a charge of gaming.

GOVERNOR HYDE TO SPEAK TOMORROW

WILL ARRIVE IN MARYVILLE ON NOON BURLINGTON

TO ADDRESS TEACHERS

His Subject Will Be, "The Teachers' Opportunity"—Mr. and Mrs. W. F. Phares To Entertain Him

Governor Arthur M. Hyde, Missouri's chief executive, will arrive in Maryville tomorrow noon and will deliver an address to the teachers of Northwest Missouri, at their annual meeting here, in the College auditorium at 2 o'clock tomorrow afternoon. Governor Hyde will speak on "The Teacher's Opportunity."

Governor Hyde left Jefferson City yesterday afternoon for Kansas City where he will attend the International Farm Congress which is being held there. Last night he had a conference with the members of the state highway commission at the Hotel Baltimore in that city. He urged that Missouri's big highway program be speeded up.

The governor praised the commission for the work it had done and expressed the opinion that the people of the state were enthusiastic in support of the commission. He urged that the commission build the Kansas City-St. Louis cross-state highway as soon as possible.

The Missouri governor has several future dates for this month, one of them being the annual meeting of the governors of the various states, which this year will convene next Wednesday at Baden, Ind., and be in session three days. The governors have been summoned by President Coolidge to meet October 20 in Washington to consider enforcement of federal and state prohibition laws. Governor Hyde will attend this gathering.

Governor Hyde will be the guest of honor at a luncheon tomorrow noon at the Residence Hall to be given by the board of regents of the College. Other guests will be Uel W. Lamkin, president of the College, and the officers of the Northwest Missouri Teachers association.

Mr. and Mrs. W. F. Phares will be hosts at a 6:30 o'clock dinner party tomorrow evening at their home in honor of Governor Hyde. The other guests will be: George R. Ellison, James Todd, Uel W. Lamkin, W. C. Pierce, H. F. Leet, C. A. Hawkins, J. S. Shinabargar, E. W. Keck, E. E. Williams, F. P. Reuillard, H. L. Raines, H. L. Haines, J. F. Hull and C. W. Yehle.

Governor Hyde will be the guest of Mr. and Mrs. Phares until Friday.

Board of Regents to Meet Tomorrow

The board of regents of the State Teachers College will meet in Maryville tomorrow morning at 9 o'clock for the purpose of opening bids for equipment to be installed at the power plant at the College. The improvements to be made consist of a 75 K W engine and generator units 3 phase, 60 cycle, 2300 volts, with exciters, switchboard, etc.; four ton capacity ice plant, sets of shaking and dumping grates for 250 H. P. boilers, damper regulator, steam flow meter and miscellaneous steam piping.

Tabernacle Building Is Progressing Nicely

The construction of the tabernacle on East Third street in which the Nodaway County Christian Church meetings will be held, is progressing nicely. The meetings will begin Sunday.

The chairs for the seating have arrived and the lighting is about completed. There will be a large electrical display in front of the tabernacle, and also a string of lights extending across the street in front of the structure.

Klan Official Up for Preliminary Hearing

Oklahoma City, Oct. 10—The preliminary hearing of N. C. Jewett, grand dragon of the Ku Klux Klan of Oklahoma, was called up in the district court of Judge Leo White. Jewett is charged with participating in the whipping of E. R. Marriman. The courtroom was too small to accomodate the crowd of spectators that had gathered to hear the testimony.

Claim Present Tariff Has Saved Agriculture

Farm Bloc Leaders, However, Admit General Demand For Revision On Industrial Products

Washington, Oct. 10—The Fordney-McCumber tariff bill saved American farmers from a ruinous agricultural panic during the last summer, although there is a general demand for revision of duties on industrial products to reduce the high cost of living.

This is a synopsis of opinions held by leaders of the Congressional Farm Bloc, it was learned today. The attitude indicated that some western Republicans are supporting the Democratic move for a revision of the tariff in the next Congress.

Farm bloc leaders say the tariff has saved the farmers from complete ruin, by blocking the efforts of foreign agricultural nations which sought to dump cheap products into the United States last year. At the same time, they reported a feeling among farmers that some rates on manufactured articles were too high and a demand is being made for a downward revision.

WILL BUILD CLUB HOUSE HERE SOON

DIRECTORS OF MARYVILLE COUNTRY CLUB MET LAST NIGHT

WILL COST $15.000

Terms Of Bonds Are For Ten Years—$13,700 Has Already Been Subscribed by Local Members

The Maryville Country Club will build a club house within the next several months, it was decided at a meeting of the members held at the Chamber of Commerce rooms last evening. The board of directors was given authority to issue bonds to an amount not to exceed $15,000 for the building and its equipment. The bonds will be a second mortgage on the club property and will bear 6 per cent interest. The terms of the bonds are for ten years.

The board of directors will meet this evening for the purpose of discussing preliminary plans for the building and the issuance of the bonds. A committee will probably go to St. Joseph Monday to look over the Country Club and the Highland Club houses in that city. At that time they will probably confer with an architect about plans for the building.

Club members have subscribed for $13,700 of the bonds. The subscription list will be kept open until the amount of $15,000 have been raised. Members wishing to buy some of the bonds are requested to see either Harvey L. Haines, Edward W. Keck or Frank P. Reuillard.

The following are the subscribers of the bonds to date:

Teachers' Meeting Will Open Here Tomorrow

Many More Rooms are Needed to Take Care of Visiting Teachers—Program Begins at 9 o'Clock.

The sixth annual meeting of the Northwest Missouri Teachers Association will open at the auditorium of the State Teachers College here at 9 o'clock tomorrow morning.

Teachers will begin arriving in Maryville tonight and by tomorrow, it is expected that 1500 teachers will be here. The Maryville Chamber of Commerce is still conducting its campaign for rooms and all available rooms should be listed immediately as they will be in great demand. All families having spare rooms should telephone the office of the Chamber of Commerce at once. It is requested that 50 cents per night per person be the maximum charge for the rooms.

The meeting will open tomorrow morning with a musical program at 9 o'clock. The devotional exercises will be in charge of the Rev. S. P. Allison. Uel W. Lamkin, president of the Northwest Missouri State Teachers College, will then deliver an address of welcome to the visitors. Following this, Charles A. Lee, state superintendent, and Dr. Henry S. Curtis, state director of physical education, will deliver addresses.

At 1:30 o'clock tomorrow afternoon, there will be a musical program, followed by an address by Governor Arthur M. Hyde. In the meantime, the various county meetings will be held. The committee members will be selected at these meetings.

THE WEATHER

Generally fair and slightly warmer tonight; Thursday increasing cloudiness with mild temperature.

I. O. O. F. Lodges to Meet in Ravenwood

Association Meeting Will Be Held There October 18—Number of Prizes Are Offered

The association meeting of the I. O. O. F. lodges of the county will be held at Ravenwood on October 18. Delegates from Maryville lodge have been selected. They are: Joe Cornell, Guy Eads, S. S. Murdock, J. N. Hiley, H. A. King, Frank Jackson, John Grems, Henry Hudson, F. E. Orcutt and Clarence Phipps.

The local lodge will offer a $5 prize to the lodge sending at least three delegates, coming the longest distance to the association meeting. The Guilford lodge has offered a $5 prize for the best drill team, Ravenwood offered $5 for the largest percentage of resident members present, and has also offered $3 for the man present who has been a member of the Odd Fellows lodge the longest. The Ravenwood lodge also offers $2 for the Odd Fellow, oldest in age, who attends the meeting there next week.

EEK GAVE TALK ON "OLD NORSE TALES"

SHORT TALK GIVEN AT THE S. T. C. ASSEMBLY THIS MORNING.

TALES ARE SIGNIFICANT

Following Talk Lamkin Complimented Student Body on the Loyal Support Given Bearcats Friday.

L. M. Eek, of the Sisson Loan and Title Company, spoke at the College assembly this morning. The subject of Mr. Eek's talk was, "Tales of the Old Norsemen."

Professor Harry Miller, of the public speaking department introduced the speaker, and reminded the student body that several years ago Mr. Eek served on the athletic department of S. T. C. Since that time he has graduated from Northwestern Universities and has returned to Maryville to live.

Mr. Eek in his talk took the student body back to the icy lands of Norway and Iceland and to the old pagan days where they worshipped gods and had their own stories concerning these gods. He put the students in the place of these men and showed just how they built up their stories and how logical they were. Every story has a significance and a conclusion can be drawn from it.

Mr. Eek speaks and reads the books relating these stories in the original tongue and is very interested in all of the stories. He showed how the natives really believed in the one supreme God and how all of the heroes of their stories finally died leaving the one supreme ruler.

Mr. Eek related three of the mythical tales to the students and explained all of the characters.

The talk was an unusual and interesting one and held the students during the entire assembly period.

Following Mr. Eek's talk President Uel Lamkin made some short announcements and also complimented the students on the loyal support shown to the ball team in their defeat last Friday. President Lamkin said that he would rather see the support given the team although the Bear Cats did lose than a victorious team with no support.

The students will vote this week on the student body representative for the coming year. Three will be chosen at large and will represent the school in all of the student activities.

New Commercial Treaty With Germany Drafted

Actual Negotiations Will Take Place In Washington In Near Future—Similar To Other Treaties

Washington, Oct. 10—A draft of a treaty of amity in commerce between the United States and Germany has been transmitted to Berlin and actual negotiations will take place in Washington in the near future, it was announced at the state department today.

The treaty is similar to those recently submitted to Spain, Austria, Finland and a number of Balkan states to facilitate commerce.

It is expected that the question of concluding negotiations with Germany will rest until the return to this county of the German ambassador.

FOREST FIRE VISITS WISCONSIN SECTION

IS MOST FURIOUS BLAZE SINCE FIRE IN 1918

60 SQUARE MILES ABLAZE

Stiff Breeze Is Fanning Flames—One Child Dead—Many Farmhouses Are Destroyed

Superior, Wisc., Oct. 10—The northwest section of the state was threatened today by the most furious forest fire that has visited here since 1918. Superior was hemmed in but not in danger. Small towns near by were menaced. At Ontonogan, Mich. the residents spent the night in alarm.

Fully sixty square miles of timber are ablaze and a stiff breeze was fanning the blaze. Reports from Houghton said that several farm houses had been destroyed. Refugees are being cared for in schoolhouses and in some instances in barns. One child was reported to have been burned to death.

Navigation on Lake Superior was difficult due to clouds of smoke. Captains reported they were able to see only about 200 feet ahead of the ships. Prospects of controlling the flames were disheartening.

The forecast was for fair weather. A heavy rain is necessary to quench the flames.

Stinnes Explains His Conference with Gen.

Confers With General Degoutte Of French Army Over Situation In Ruhr—Chancellor Did Not Object

Berlin, Oct. 10—Charges of disloyalty against Hugo Stinnes financial genius of Germany, were exploded today by Stinnes' official explanation of his visit to Dusseldorf to confer on the Ruhr situation with General Degoutte, commander of the French army of occupation in the Ruhr.

It is stated that the Stresemann cabinet did not object to Stinnes' visit. Stinnes did not see Chancellor Stressemann before his departure but has an alibi: He tried to see the Chancellor but Stressemann was too busy in the reparation tangle.

Bankers' Association to Meet at St. Joseph

Group Three of the Missouri Bankers' Association will have a meeting in St. Joseph tomorrow. This group includes twelve counties in Northwest Missouri. It is expected that about 200 representatives from the district, and officers of the state association and representative bankers from St. Louis will be in attendance.

The banks of Maryville will be represented at the meeting by G. L. Wilfley, president of the Farmers Trust Co. and Joseph Jackson, president of the First National Bank. The Nodaway Valley Bank and the Real Estate Bank were not certain this morning whether they would have delegates to the meeting.

Moore Was Found Not Guilty by Jury

The jury in the case of Henry Moore on a charge of assault and battery brought in a verdict of not guilty at 3:17 o'clock this afternoon. The case went to the jury shortly before noon and the jury took up the consideration of the case about 1:15 o'clock. It is understood the jury took six ballots.

The jury hearing the Moore case was composed of George T. Wray, J. M. George, Henry A. Thompson, Harry Cowan, Ed Ward, W. D. Hoshor, Luther Fast, Purd Ashford, Henry Heitman, C. P. Anderson, Harry Lyle, W. S. Gray.

The case of the state vs. Charles Close on a charge of violating the prohibition law, was being tried in court this afternoon. This case was sent here from Atchison County on a change of venue. J. F. Gore, prosecuting attorney of Atchison County, will represent the state, while R. L. Minton of Mound City will represent the defendant.

State vs. John Henggler and Cloe Henggler, mistreatment of children under 16 years of age, defendants file application and affadavit for a continuance and application was sustained.

E. F. Wolfert vs. W. H. Dredge, receivership, plaintiff files application for appointment of a receiver and Steve A. Roach was appointed receiver with a bond of $600.

LARGEST CIRCULATION IN NODAWAY COUNTY

There is nothing finer than a day in June unless it be a day in October.

Oklahoma is once more quiet. Governor Walton has apparently laid down his arms and the legislature has been called to meet Thursday. The Governor began with a large measure of sympathy throughout the country in his fight against abuses by the K. K. K.'s in that state but finished with everybody disgusted at his efforts at complete dictatorship. He undertook an unprecedented use of the state militia in attempting to prevent the meeting of the state legislature. The meeting of the legislature is likely to be a history making session.

Conferences have recently been held by secretaries of state from various states looking to the enactment of uniform laws on motor vehicles. Some of the more important changes proposed are requiring spotlights on right fenders of cars, a state gasoline tax, abolition of regulations as to the lenses and more state inspectors with power to make arrests and enforce traffic regulations on country roads. Some states, also ask for a law requiring that all drivers be examined before a permit to drive is issued to them. Secretary of State Becker has concluded that the regulations as to lenses are practically useless because the brilliancy of the headlight is controlled more by the condition and position of the light bulb than by the type of the lense.

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.

MORE ROAD MILES BUILT IN MISSOURI

STATE NOW RANKS FIFTH IN FEDERAL AID HIGHWAYS

WILL AID MORE PEOPLE

Special Session Of Legislature To Speed Construction Is Necessary—Need More Maintenance Funds

A recent compilation of highway statistics by the American Association of State Highway Officials discloses some very interesting facts about Missouri in relation to road building.

For instance, although ranking ninth in the order of population Missouri's state road mileage—that is the Federal seven percent system—is only exceeded by that of four other states.

The Federal seven percent system is that approved portion of the state's road mileage upon which Federal Aid is or will be granted. Our state designated system closely approximates the allowed mileage.

The significance of a large population-mileage ratio is that more people will be served per mile of road than in most other states. For every mile of state road there are 440 people. This does not mean that all these people are directly on the road. However, none will be more than fifteen or sixteen miles from some portion of the state system. By means of local existing roads, maintained by the County or road district, the most remote person has ready access to the main highways of the state which are now being built and maintained by the State Highway Department.

Session Is Necessary

It is evident from the comment going the rounds of the state that the proposal to call a special session of the legislature to enact legislation either increasing the automobile tax or placing a small tax on gasoline, is meeting with much favor.

The State Highway Commission has presented the matter squarely to the executive in a communication forwarded to him. This communication calls attention to the fact that a new source of revenue must be provided if the maintenance of the State highways is to be effective.

The Highway Department has reached its maximum in the construction of new roads and if it is forced to curtail its work because of the lack of revenue in the next two years, the program of constructing roads will be greatly hampered and the expense increased.

In this letter to the governor the Commission says "Some new source of revenue for maintenance seems imperative. In our opinion we shall need not less than an average of $200 a mile a year for maintaining our types of road and from $300 to $800 a mile for the cheaper types, depending on the excess of speed and overloading passing over them, and an average of about $250 a mile for dirt roads and bridges all including equipment and administration. It is doubtful, if the entire highway system be adequately maintained as required by the Centennial Law, whether more than $2,000,000 in state road bonds can be used in 1924.

"With an adequate maintenance fund, the Commission, if given authority this year so that contracts can be let each month to issue $15,000,000 in bonds for 1924, $15,000,000 for 1925, and $15,000,000 for 1926, could complete the $60,000,000 bond road expenditures by 1927 and do it with a large saving to the mile. The Commission believes that by that date the primary roads over 90 per cent of their course will be made dependable for all weather, and that improvement of the secondary roads in the respective counties will be advanced in the proportion prescribed by law. We still hold that the total cost of the designated secondary roads, as the Commission reported last December, to the House of Representatives, will approximate $108,000,000, while only $31,000,000 in bonds plus Federal Aid is provided for that purpose."

WILLHOYTE HAMPSHIRES WIN AT NATIONAL SHOW.

Giant Lad was second in the class for aged Hampshire boars and Lookout Supreme was fourth in the class for junior yearling boars at the National Swine Show held at Peoria, Ill., last week. Both animals were exhibited by Ernest Willhoyte of near Maryville. Mr. Willhoyte had only the two hogs in the show. Giant Lad beat the grand championship boar of Missouri and the grand championship boar of Illinois in taking second in the class for aged boars. The National Swine Show was the biggest in the history of the event this year.

HUSBAND SETS WIFE AFIRE; UP FOR MURDER

Pawnee, Okla. Oct. 10—Accused and tried of murdering his wife, Ellen Cornett, by saturating her clothing with kerosene and igniting it, John V. Cornett today awaited the verdict of the court.

Witnesses for the state testified that after Cornett had ignited his wife's clothing, she ran to a spring and extinguished the blaze only to be met returning to the house and again oiled, and how he later overtook her leaving the spring and knocked her down three times with a club.

The defense presented an insanity plea.

WANTED: TAX ON NOISE MACHINES

emitting machines after being unShannon, member of the city commission, urged the taxing of all noise-emmitting machines after being unable to make himself heard, and being unable to hear other speakers, in a meeting of the directors today.

Shannon advocated attaching "noise meters" on all motor vehicles and shouting newsboys.

"We have noiseless typewriters, why not noiseless vehicles as well?" he concluded.

W. C. T. U. Convention Reported

The W. C. T. U. held a meeting yesterday afternoon at the home of Mrs. S. S. Wolcott on South Market street for the purpose of hearing the reports of the delegates, Mrs. R. L. McDougal and Mrs. C. A. McCoppin, who attended the sessions of the state convention which were held last week in St. Joseph. The state members were optimistic, prophesying that there would be no backward step in the law, and all that was needed was the same earnestness and determination that characterized the leaders. Temperance teaching in the schools was stressed, as education of the young has always been the organization's hope and best ally. Publicity was presented by the state superintendent, Mrs. Fannie Taylor. She said that publicity was the great right arm of the work and desired at least fifty columns of W. C. T. U. material in every town paper. Medical temperance was also emphasized, for as long as alcohol in large quantities can be procured in patent nostrums, enforcement will be difficult. There was a banquet at the Hotel Robidoux on Wednesday evening when Dr. Mary Harris Armour made an optimistic and telling speech. She said that she had a few gray hairs, but before her hair was white she expected to see the world go dry. A diamond medal contest was held Thursday evening. Two of the contestants, Mrs. C. D. Webster and Mrs. T. G. Hadley had contested for a gold medal twenty-one years ago at Burlington Junction. Mrs. Webster was the winner of the diamond medal at St. Joseph. The Missouri W. C. T. U. was over $9,000 in arrears on its Jubilee fund but it was all pledged at the convention. Sixty-five new and re-organized unions were reported. Mrs. L. O. Middleton was given the opportunity to present scientific temperance instruction work to approximately five thousand teachers in Missouri during the last year. The old officers were re-elected, as follows: Mrs. Nelle Burger, Springfield, president; Miss Roena Shaner, Jackson, vice president; Mrs. Lettie Hill May; Maplewood, corresponding secretary; Mrs. Emma J. Pitzer, Louisiana, recording secretary; and Mrs. Bernice VanMatre, Springfield, treasurer.

Mrs. Esteigh Stuckie of Carthage and Mrs. Mary Hook were guests at the meeting. Mrs. Stuckie attended the convention at St. Joseph and is visiting her aunt, Mrs. Hook.

See "The Covered Wagon"

"The Covered Wagon," pronounced the greatest cinema production ever presented to the American public, opened at the Lyceum Theater in St. Joseph Monday night for a week's engagement. The attraction is drawing a liberal patronage from Maryville. Among those who saw the picture yesterday were Mr. and Mrs. Joseph Jackson, Mrs. J. F. Colby and her sister, Mrs. G. E. Alexander of Medicine Lodge, Kan.; Mr. and Mrs. W. O. Garrett, Mr. and Mrs. M. K. Garrett, Arthur Garrett, Miss Jennie Garrett, Mrs. Edgar E. Rhoades and Miss Addie Yeo.

A. A. U. W. Meeting

The American Association of University Women held its first meeting of the season last night at the home of Mrs. W. W. Stanfield, 521 West First street. The assisting hostesses were Miss Dora B. Smith and Miss Laura Hawkins. Miss Smith gave a report of the annual state convention of the A. A. U. W. September 28 and 29 at Warrensburg. Miss Mary MacLeod gave a talk on "What the A. A. U. W. Stands For." Miss Minnie B. James was elected secretary and treasurer of the Maryville branch to fill the vacancy left by Miss Anne Dudley Gibbs' resignation. Plans for entertaining the state convention in Maryville next year were discussed. The Maryville branch voted to organize two branches this year. The state association now has thirteen branches, seven of which were recently organized. The hostesses served refreshments at the close of the meeting. The guests of the evening were Miss Vera Beckmdn, Miss Mildred Paxton, Mrs. H. W. Leech, Mrs. J. W. Hake, Miss Mary M. Fisher, Mrs. Benjamin Hastings, Miss Edith Barnard, Miss Mabel Cook, Mrs. J. R. Wallin, Miss Estelle Bowman, Mrs. A. H. Cooper, Mrs. Clement Hahn, Miss Jean Talbot, Mrs. Ellen Pitman of Baton Rouge, La., who is the guest of her daughter, Mrs. Stanfield; and Mrs. Henry Hughes of Williamsburg, Ia., the guest of her sister, Miss Mary MacLeod. The November meeting will be held with Miss Olive DeLuce and Miss Blanche Dow.

Fall Party at Christian Church

The Christian Endeavor Society of the State Teachers College and the College Class of the Christian Church, taught by Dr. Fred Keller, gave a fall party last night in the Christian Endeavor rooms at the church. About 110 persons were in attendance. Autumn leaves and colors were carried out in the decorations. The company was divided into three groups, under the headings of tall, medium and short, and among the stunts were the house of mystery and the fortune teller. Another feature of the program was a Lyceum Bureau with impersonations of famous musician, lecturer, etc. The closing stunt was a moving picture enacted by several of the members. Doughnuts were served by a clown, apples by a "real" farmer, and hot chocolate from milk pails by two little "sunbonnet girl." Floyd Lunsford was chairman of the general entertainment committee. Dr. and Mrs. Fred Keller acted as chaperones for the evening.

Woodard-Miles Wedding

The marriage of Miss Eula Mae Woodard, onlf daughter of Mr. and Mrs. James L. Woodard, residing northwest of Maryville, and Elmer Miles of Council Bluffs, Ia., took place at 3 o'clock this afternoon at the home of the officiating clergyman, the Rev. T. J. Puckett, on North Market street. The ceremony was witnessed by a few relatives. The bride wore a traveling suit of navy blue poiret twill with hat, slippers and gloves to match. Mr. Miles and his bride left this afternoon for a two weeks visit in St. Joseph after which they will be at home in Council Bluffs where Mr. Miles is employed.

Paving Resolution No. A 5.

A resolution providing for grading, paving and guttering Fifth street in City of Maryville, Missouri, from a point thereon 13 feet east of the west line of Market street in said city, west to a point theron 13 feet west of the east line of Main street in said city.

Be it resolved by the Council of the City of Maryville, Missouri, as follows:

That the Council of the City of Maryville, Missouri, hereby find and declare that they deem it necessary so to do, hereby order, direct and require that Fifth street, a public street in said City of Maryville, Missouri, from a point thereon 13 feet east of the west line of Market street in said City, west to a point theron 13 feet west of the east line of Main street in said city, be graded, paved and guttered and improved as hereinafter provided, the center line of said Fifth street to be the center line of said grading, paving and guttering and improvement.

Said street to be improved as aforesaid shall be graded, and said pavement and guttering herein provided for, when finished to be installed on said street improved so that the surface of the pavement at the north line thereof will be six inches below the top of the present curbing now installed and in place along and on the north side of that portion of said street to be improved, and the pavement along and on the south side of said street to be improved to be so constructed that the top or surface of the pavement will be even with the top or surface of the curbing now installed and in use along and on the south side of said street to be improved, said pavement and guttering to be 42 feet in width or 21 feet in width on each side of the center line of said Fifth street over the distance to be improved as aforesaid, the gutter on the north side of said street and pavement to be constructed by the paving being placed six inches below the top of the curbing along and adjacent to the present curbing on the north side of said street, and the guttering on the south side of said street to be constructed by constructing the paving in such a manner that the south line of the paving next to said south curb will be even with the top of the curb, and for a distance of four feet out toward the center of the street the surface of the paving to be laid at a uniform decline so that at a distance of four feet from said curb the surface of the paving will be 4-10 of foot lower than next to and adjacent to the curb, the center of said paving crosswise of the street improved to be 4-10 of one foot above the surface of the paving next to the north curb, and the surface of the entire pavement, except the south four feet thereof to be crowned concentric and uniform from side to side, the north half to be crowned on such a radius as will make the center line 4-10 of one foot higher than the pavement next to the north curb and the south half of said pavement except the south four feet thereof, to be crowned concentric and uniform on such a radius as will make the bottom of the gutter at a distance of four feet from the south curb 4-10 of one foot lower than the center of said pavement as before set forth, all as shown on a drawing of a cross-section of said pavement hereto inserted and made a part of this resolution.

In addition to the grading above mentioned the part of said Fifth street that is to be improved as hereinbefore set forth shall be excavated or filled as required for sub-grade so as to construct said pavement and guttering so that the surface will be at a distance from the curbing now installed and in use on said street as hereinbefore set forth and required.

Said paving to be of good quality, vitrified block paving brick, laid upon a foundation of four inches in thickness of concrete, to be composed of one part of best quality Portland cement, two parts of sand and four parts of good quality and proper size gravel, properly mixed and installed to make a good and proper concrete, with a layer of one inch of sand between the concrete and paving brick, and the cracks or joints between paving bricks to be properly filled with asphalt cement filler, said paving to be properly joined up against the curbing now installed on said street and the paving adjacent to each end where same connects with the present paving now on Main street and Market street aforesaid, and at all cross alleys or openings in the present curbing said paving to be laid uniform so that the same will be a uniform plane from end to end lengthwise of said street to be improved.

The cost of all the aforesaid paving, guttering and improvement, and grading necessary to install the same on the grades with reference to the present curbing on said street as herinbefore set forth, shall be paid for with special tax bills and a special tax and assessment shall be levied and assessed against the lots, tracts and parcels of land chargeable therewith in proportion to the front foot to pay the cost of the same.

Be it further resolved by the Council of said City that this resolution be published according to law in the Daily Democrat-Forum, a newspaper printed and published daily in said City of Maryville, the same to be published for seven consecutive insertions, and if a majority of the resident owners of the lands that will be liable for the cost of the aforesaid improvements at the date of the passage of this resolution who shall own a majority of the front feet owned by residents of said City, abutting on that part of the aforesaid street to be improved, shall not within ten days after the date of the last publication of this resolution, file with the city clerk of said city of Maryville, Missouri, their protest against the aforesaid grading, paving and guttering and improvement, then the Council of said City will cause said improvement, grading, paving and guttering to be made, contract therefor and levy a special assessment against all the abutting property theron, liable therefor to pay for the same as provided by law.

Passed, approved and adopted by the Council of the City of Maryville, Missouri, this 9th day of October, 1923.

W. O. GARRETT, Mayor.

(Seal)

Attest: MERLE COOPER, City Clerk.

Late Telegraph News

Fort Smith, Ark., Oct. 10—As reward for his service to the association since its organization, Maurice J. Brun, chief of the local fire department has been named president of the Arkansas State Firemen's association.

Topeka, Kan., Oct. 10—An investigation of the alleged efforts of a Mexican gold mining company to market stock was being investigated here today by the Kansas state blue sky commission. It is charged the company tried to obtain a permit to market the stock by bribing an official.

Denton, Tex., Oct. 10—After discovering her 18-month-old boy with his head submerged in a tub of water and apparently lifeless, Mrs. John Davis, grabbed up the infant son and ran to the cotton field for aid. Physicians say by doing this she saved the boy's life, the jolting during the trip shaking a majority of the water from his lungs.

Sale of Jersey Cattle

We will sell at auction at Maryville, Missouri,

Wednesday, Oct. 17, 1923

One o'Clock, P. M.

EIGHTY HEAD OF HIGH GRADE JERSEY FEMALES

Consisting of fifty cows, three to eight years old, that will freshen in next sixty days and many of them now heavy springers. Thirty dandy heifers, one and two years old; part of them bred and some now springers. This entire offering is a carefully selected lot of useful, high grade Jerseys, having lots of size and quality, and every one a good dairy type.

They are a fine healthy lot, every one tuberculin tested and in fine thrifty condition, and there are no culls, or bad udders. They are all sired by Registered Jersey bulls and are bred to Registered bulls.

Here is your chance to get that fine family cow you have been wanting, or to start a small dairy herd and have some ready money coming in every day this winter.

They will be sold to the high bidder without reserve.

Polarine Gets Into Action Quickly

IT limbers up fast in icy weather. This means flexible starting—flexible operation. The oil film spreads freely between the moving parts—yet always maintains a perfect and complete seal.

When your engine is mechanically right—gas right—carburetor right—yet starting is sluggish—look to your lubricant. Polarine will save your starter, your engine, your batteries.

Polarine is manufactured by the Standard Oil Company (Indiana). It is made to render such a positive and superior service as to maintain the ideals of service established by this Company.

The best lubricating oil is the cheapest. To attempt economy in oil is to hazard your car unnecessarily.

THE PERFECT MOTOR OIL

Made in Five Grades

Polarine demonstrates its superiority best in heavy traffic or heavy going. It avoids overheating with frequent use of "low gear." At extremes of temperature, Polarine stands up—it does not break down—it maintains the correct lubricating body at all motor speeds.

Polarine is scientifically right for your car. The Chart tells you which grade to use. The grade indicated was specified only after careful analysis of the requirements of your engine, made by our Staff of Lubricating Engineers.

Drain your crank case every 500 miles and refill with Polarine.

HOSTETTER'S STOMACH BITTERS

If Kidneys Act Bad Take Salts

Says Backache Often Means You Have Not Been Drinking Enough Water

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and leggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, can not injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.

Vigorous Old Age

WHY separate youth and old age with a deep and ever-widening abyss?

The bloom of youth and the hardy, ruddy glow of Old Age—sixteen and sixty—should be separated only by the span of years and not by varying differences of physical wholesomeness.

Vigorous old age is within the grasp of all. S. S. S. brings that hale and hearty feeling back with a rush. Rich red blood is the greatest enemy of weakening, health undermining Old Age. S. S. S. builds Red Blood Cells. Rich, red blood coursing through your veins sweeps away impurities that retard the proper functioning of your system. Old Age—once a dreaded agony becomes a vigorous, enjoyable, care free time of life.

S. S. S. is made of carefully selected herbs and barks—scientifically prepared and proportioned. Welcome Old Age when it comes. Be ready to withstand the attacks of diseases that follow in its wake. Meet Old Age with a hearty handshake. A handshake that speaks of well being—of a vigorous, clear thinking, red blooded constitution. S. S. S. is your best friend when Old Age is seen rounding the corner. Get a bottle and drive care and worry away. All leading drug stores carry it. The large size is the more economical.

Kansas City Blues Win From Baltimore by a Score of 9 to 4.

BULLETIN.

The New York Giants won the first game of the series by a score of 5 to 4. Casey Stengel, a Kansas City boy, knocked a home run in ninth, winning the game.

Yankees .....1 2 0 0 0 0 1 0 0—4
Giants .....0 0 4 0 0 0 0 0 1—5

The Giants made five runs, 8 hits and no errors. The Yankees made 4 runs, 12 hits and 1 error.

The 1923 World Series opened this afternoon at the Yankee Stadium in New York City between the New York Giants and New York Yankees.

The lineup at the start: Yankees—Hoyt, pitcher; Schang, catcher. Giants—Watson, pitcher; Snyder, catcher.

The umpires for the series: Evans and Nallin of the American League; Hart and O'Day of the National League.

The Yanks went into the lead in the first two frames by scoring one run in the first and two in the second. The Giants retaliated in the third by bringing in four scores. The Yankees evened the game in the seventh.

In the third Gowdy relieved Snyder behind the bat. Also Joe Bush was sent in to relieve Hoyt of the Yankees. In the last of the third the battery for the Giants was Ryan and Snyder.

Both the Yanks-Giants and the Orioles-Blues games were received by radio by courtesy of Harry Todd, being broadcast from Kansas City.

Kansas City Wins.

The box score by innings:

	1	2	3	4	5	6	7	8	9	R.	H.	E.
Orioles	1	1	0	0	1	1	0	0	0	4	8	2
Blues	0	4	0	0	0	1	0	4	x	9	12	4

Becker for Blues knocked a home run with two men on bases in eighth inning.

The Little Series between the Baltimore Orioles and the Kansas City Blues also started today.

The battery for Kansas City: Scupp pitcher; Shiff, catcher. Baltimore—Parnham, pitcher; Cobb, catcher. The game was played at the Muelbach Field in Kansas City. Umpires—Chill, American Association; Gaston, International League.

The Orioles brought in a run in first inning without getting a hit, Armstrong made two errors. Baltimore again scored in the second. The Blues garnered four runs in the second. The Orioles again scored in the fifth and sixth, Cobb of the Orioles knocking a home run in the sixth frame.

Ogdon replaced Parnham on the mound for the Baltimore team in the third inning.

At the end of the sixth Schupp, pitching for the Blues, had struck out eight men and walked six. The attendance is reported at 21,000.

Kansas City, Oct. 10—The first game between the Kansas City Blues and the Baltimore Orioles started here at 2 o'clock this afternoon. Box office reports of a sell-out, aided by bright sunshine brought out a capacity crowd to the Muelbach field this afternoon.

The Blues received an ear-splitting ovation as they came on the field.

New York, Oct. 10—More than 60,000 citizens of this and other cities, who do not seem to be able to take their bromide or leave it alone, sat in this afternoon for the first of the World's Series games between the New York Yankees and the New York Giants.

The crowd broke all records in the post-season conflicts thus far. It is the third meeting between the Giants and Yanks in a world's series since 1921.

Hundreds of semi-sane individuals stood through the watch of the night outside the stadium gates in order that they might enjoy the privilege of paying for seats in the unreserved section. All boxes and reserved seats were sold out days ago.

Mrs. Frank Bickett went to Grant City this afternoon to spend the rest of the week with Mr. and Mrs. Homer Dragoo.

Brownwood, Tex., Oct. 10—The famous "Old Gray Mare" band of the 142 nd infantry leaves here October 10 on a special train for San Francisco to attend the fifth annual convention of the American Legion. The Old Gray Mare band will make the trip "in person" in spite of the fact that "she ain't what she used to be." "Red" Kuykendell, Texas cowboy who rode the "old gray mare" into the lobby of a New Orleans hotel to register last year, also will board the special. This time he will ride a longhorn steer.

Fort Worth, Tex., Oct. 10—Little 9-year-old Hazel Burns is being treated for rabies after having been bitten by a dog that she had rushed into the street to rescue, after the animal had been struck by an automobile.

State Highway Commission Accepts Offer

Governor Hyde, There Today, Urges Speeding Up of State Hard Road Building Program.

Kansas City, Oct. 10—Governor Arthur M. Hyde, in Kansas City today, urged that the Missouri hard road building program be speeded up, following the acceptance by the state highway commission of the offer of William Volker, Kansas City cement manufacturer, to furnish cement to the state at cost price.

However, the commission placed two reservations of the acceptance of Volker's offer, one stipulating that the interest on the bonds figured to the state as its proportionate share of the plant should not exceed 6 per cent, and also in case there should be a loss each year, that each year would stand by itself and that the loss would be sustained by Volker. Both of these provisions were accepted by Volker.

The offer, as figured by the commission, will approximate a saving of $800,000 to the state in the five-year building program, or an annual saving of about $160,000 a year. Volker agreed to deposit $225,000 in any bank or trust company that the commission might designate, in order to guarantee the carrying out of his contract.

Young Girl Ran Off; Located in St. Joe

Chloe Cox, the 13-year-old daughter of Tom Cox of this city, and Walter Logan of near Maryville, eloped today and secured a marriage license in St. Joseph at about 1 o'clock this afternoon. The girl's parents notified City Marshall England and he notified the police at St. Joseph to prevent the marriage and to hold the couple. England said Mr. Cox stated his daughter was only thirteen years old.

"Robinhood" at the College Tomorrow

Arrangements Made So as the Public May Have An Opportunity to See Picture.

Arrangements were made this afternoon by the general committee of the Northwest Missouri Teachers' Association so that the people of Maryville, or at least seven or eight hundred of them may have an opportunity to see the classic photoplay of "Robinhood," starring Douglas Fairbanks, which will be shown at the College tomorrow. However, the townspeople must follow the instructions of the committee in securing tickets as the demand to see the picture will be much greater than the seating capacity.

The picture will be shown twice tomorrow, at 3:30 p. m. and at 7:30 p. m. Visiting teachers attending the convention will be given preference in securing tickets for the showing as it is being brought here primarily for them. The townspeople will be allowed to consume the remainder of the tickets up to the capacity of the auditorium.

All townspoepole, who can, are urged to come to the afternoon performance as more of them may be accommodated. Tickets for the afternoon performance will be 50c to the general public and 25c to high school and college students. Tickets for this showing may be reserved by calling Hanamo 145. However, there will be no reserved seats.

It will be announced tomorrow afternoon in the papers how many tickets will be available to the general public for the evening showing. All tickets for this showing will be 50c.

Visiting teachers will be given tickets for either performance tomorrow upon presentation of a signed slip certifying their membership in the association.

This picturization of "Robinhood" is conceded to be one of the best pictures ever filmed and it is only by the efficient handling of tickets by the association officers that the public will be enabled to see it.

There will be 1200 tickets sold for each performance. The visiting teachers will be given theirs first and the remainder may be obtained by the general public.

McCray Defends Signing of Notes for Company

Says He Was Within Bounds of Law When He Signed Names of Alva Harriman and Henry Reinhart

Indianapolis, Ind., Oct. 10—Governor W. T. McCray today said he acted within the bounds of law when he signed the names of Alva Harriman and Henry Reinhart to notes which he banked.

"Harriman and I have been partners twenty-seven years," the governor said, "and I have been associated with Reinhart fifteen years. During that time, they have signed notes for me and I for them, acting for the company. I had a perfect right to sign the notes as I did."

The grand jury of Marion County resumed its investigation of the governor's tangled financial matters, surrounded by utmost secrecy, which has prevailed at all times during its deliberations thus far.

EXTENDS THANKS TO SCHOOL DISTRICTS FOR VEGETABLE GIFT

The school districts having displays of farm products at the agricultural tent at the Maryville Fall Fiesta and Exposition last week gave the vegetables, fruit and grain to the St. Francis hospital. The articles given were hauled to the hospital in the big truck of the Phares Lumber and Hardware Company and completely took up the entire space of the truck.

The Sisters at the St. Francis hospital desire to express their thanks to the school districts for their kindness in contributing these articles and also to R. P. Hosmer, who was superintendent at the agricultural tent.
